About Rotary:

Carr emphasized community grants for local projects and scholarships has become more challenging during the economic crunch. We have kept pre-recession prices for entry, sponsorships and lunch prices for non-golfers. During the past 10 years alone, Rotarians have provided more than \$371,339 in community grants and scholarships to more than 237 organizations -- and built a \$100,000 open air pavilion for the people of Waimea. It also completes a dozen charitable projects each year.

About Waikoloa Village Golf Course:

(MORE)

Nestled in the foothills of Mauna Kea overlooking the Pacific Ocean, the Waikoloa Village Golf Course is one of Hawaii's most beautiful courses. This little piece of heaven is an oasis of emerald-green overlooking the Kohala Coast. Designed by Robert Trent Jones, Jr. the Waikoloa Village Golf Course fits harmoniously into the natural beauty of the setting.

A course challenging enough for the serious golfer, but fun for beginners as well, the 6,791-yard par-72 course has all of the characteristics of Jones designs plus additional challenges unique to the island landscape.

A relaxed pace inviting and serene makes this course a favorite of local golfers, who consider it one of Hawaii's best-kept secrets. With complete practice facilities and a Pro Shop stocked with golf equipment and accessories, the Waikoloa Village Golf Course is a great place to practice, shop and play.

Come on up and share our Aloha.
